Standards Manual

First published in 1979 by MICA, the Standards Manual has received wide acceptance throughout the United States and other countries. It has established standardized guides never before available to our field for methods of designing, specifying, and installing thermal insulation products. The newly released 9th edition of the US and Canadian Commercial & Industrial Insulation Standards continues to be the Source of technical information for the design specification and installation of commercial and industrial insulation... a definitive resource for every industry professional.

New for the Ninth Edition:

- New Design of Text and Plates
- 111 Plates Including Vapor Dam Plates
- New Cryogenic Section
- Updated Materials and Properties section with Tables Conforming to ASTM Standards
- Revised Glossary of Terms

[Order Now!](#)

Already ordered the digital version:

- Click the link in your emailed receipt to access your manual
- If you are using a promo code, please email jwhite@micainsulation.org for assistance

MICA Plates - Order Them Individually

*Plates are included when you buy the manual. If you just want to order individual plates, use the link below:

Membership Benefits

MICA was established in 1956. Membership in the Midwest Insulation Contractors Association provides you and your firm the opportunity to be part of a professional and dynamic association of commercial and industrial insulation contractors, abatement contractors, associate manufacturer/distributor and material supply firms, and affiliate firms that interact with the insulation industry. Membership allows you to be part of the following accomplishments and participate in the following activities:

Networking

- Affiliation With the National Insulation Association and Five Sister Regional Associations
- Semi-Annual Association Meetings for the Sharing of Technical and Educational Information
- The Interchange of Business Concerns Among the 65 Contractor Member Firms and 65 Associate and Affiliate Member Firms
- Access to the Technical Expertise of the Members
- Access to the Association's Legal Counsel on Legal Matters Facing Your Company. (Legal Fees are the Responsibility of the Individual Member)

Education

- Participation in Educational Programs Sponsored by the Association
- Development of Educational and Training Material for Members; Developed A Collection of Asbestos Abatement Information Manual for MICA Members
- Tool Box Safety Talks Available to MICA Members
- Supervisory Training
- Firestop Seminars
- Estimating Seminars
- Cash Flow Seminars
- Internet Seminars
- Project Management Seminars

This is just a few of the activities and accomplishments of MICA. If you want to help your insulation and abatement industry, if you want to be associated with a group of professional contractors and associates, if you want to improve your business professionally, if you want to grow professionally and personally, then you want to be a participating member of the Midwest Insulation Contractors Association!
